

His spirit continues to bloom in our hearts.

Bloom where you're planted.

Their love bloomed.

She has blossomed into a fine young lady.

The relationship between both the parties has blossomed over the years.

He went out on a limb to help people.

They decided to branch out from their central location.

Let's offer an olive branch so we could be friends again.

There are many branches of knowledge in the world.

The bank has many branches all over the country.

We need to nip the matter in the bud before things escalate.

He is a budding artist.

She is the cream of the crop.

She cultivated good habits in her children.

Her care provided fertile ground for the children's self-confidence to grow.

He has a fertile imagination.

No ideas came to her mind and she felt barren.

She is a white lily.

A rose by any other name would smell as sweet.

Like the lotus, rise from your struggles and strive to get better!

He's a dandelion in the wind.

She is flowering in her new job.

Her eyes are like lotus petals.

She dances like a flower around him.

One should live a life as a lotus flower, untouched by evil.

The nurse was up early, fresh as a daisy!

She lit up the room like a sunflower.  
He can't see the forest for the trees.  
I hope your meeting proves fruitful.  
His ideas finally came to fruition.  
She is the apple of her father's eye.  
The apple doesn't fall far from the tree  
Her skin was dry and wrinkled like a raisin.  
The mother was an ever-blooming garden of love.  
The idea germinated while I was on holiday.  
She works tirelessly at the grassroots level.  
Let us harvest the efforts we have invested in this project.  
Let's distribute leaflets announcing our event.  
The dancers twirled like falling leaves.  
She was shaking like leaf when they found her.  
Live like a lotus leaf in the muddy waters of life.  
Their whispers were like the rustling of leaves.  
Her teardrops fell like petals.  
Let's prune the budget.  
She was reaping the rewards of many years of study.  
The conditions were ripe for us to make an increase in prices.  
What are your roots? Where do you come from?  
Let's get to the root of the problem.  
Patriarchy is deeply rooted in our culture.  
He's the rotten apple in the group.  
One rotten apple spoils the whole bunch.  
The seed of an idea was born as they worked together.

The seeds of her success lie in her work ethic.

Let us sow the seeds of revolution.

The firm offers seed capital to young entrepreneurs.

The sea will absorb more gas if you seed it with iron.

Shed your baggage from the past and move on.

This bank office is an offshoot of the main institution.

As you sow, so you reap.

The city has sprouted so many malls in the past decade!

Her happiness stems from her positive attitude.

Use stem and leaf plots to organize your data.

His stump speech was riveting!

He is a thorn in my side.

He is a rose among thorns.

His words pierced my heart like thorns.

My family tree has so many famous people.

The leader was a banyan tree – young employees never grew to their potential.

Be flexible like the bamboo tree.

He is strong and sturdy like an oak.

If you persist, your small insight will become a tree of knowledge & accomplishment.

This incident is just another branch in the tree of life

Let's just vegetate and not work today.

When life gives you lemons, make lemonade.

He is such a couch potato!

Sorry but we're leaving now. My husband turns into a pumpkin around 10 pm.

The college will review applications to weed out the less qualified candidates.

Weed out bad habits before they take over your life.

She have her friend a withering look.

We must revive small businesses that withered away due to the Covid crises.

Enjoy the fruits of your labour!
